Subject: RAF/9/042 - Sustaining the Regulatory Infrastructure for the Control of Radiation Sources; Establishing a National Dose Register in the Republic of South Africa using the Regulatory Authority Information System (RAIS), End-of-Mission Report

Dear Mr Muller,

Please find attached the end-of-mission report prepared by Mr. M. Souphy, IAEA expert and Mr H. Suman, IAEA Staff, following their mission to South Africa from 20-24 August 2012. I apologise for the delay.

We are very pleased to see that the experts met all the objectives of their mission and that the mission was successful in assisting you and your team to fully understand the challenges involved in establishing a national dose register in South Africa using the Regulatory Authority Information System (RAIS).

We look forward to receiving your comments regarding follow up actions on the recommendations made by the experts in the report.

Kind regards,

Muhammed Lameen Abdul-Malik

Project Management Officer

Division for Africa

Department for Technical Cooperation
