**FOR ATTENTION:
THE SPECIAL NUCLEAR PROJECTS COORDINATOR**

Dear Sir

**NAPP09A0001; LS3.1
APPLICATION FOR A NUCLEAR INSTALLATION SITE LICENCE (NISL) FOR THE
THYSPUNT AND DUYNEFONTYN SITES**

We refer to your letters NAPP09B0001 and NAPP10B0001.

We hereby provide copies of notices in various newspapers and government gazettes as directed by the NNR in the above mentioned letters.

Please find attached:

- PDF Spread sheet of notices served to parties as directed by the NNR
- Copy of notice in Western Cape Gazette
- Copy of notice in Burger Wes
- Copy of notice in Cape Times
- Copy of notice in Table Talk
- Copy of notice in Easter Cape Gazette
- Copy of notice in Burger Oos
- Copy of notice in Hermanus
- Copy of notice in Kouga Express
- Copy of notice in PE Express
- Copy of notice in Herald

We draw your attention to the Easter Cape gazette in which the notice was published on 8th Aug and the closing date for comments 29 Aug which fall short of the comment period of 30 days as required by the NNR act. This anomaly aroused as a result of a 15 day notice period requirement by the Eastern Cape gazette before the notice is published in their gazette.

We therefore intend to re-publish in the Easter Cape gazette to provide for the 30 day comments period. We also noted in the media recently of parties complaining that we have not published in the National gazette. We therefore intend to also publish in the National gazette.

To this affect we will proceed with media statement stating that we are working with the NNR for an extension of the comments period.

We hope that you will concur with the above and look forward to your earliest response.

Please address all correspondence to the Senior Manager (Nuclear Licensing), c/o Nuclear Licensing, Koeberg Nuclear Power Station.

Yours sincerely

pp B Oaker

ACTING: SENIOR MANAGER (NUCLEAR LICENSING)
